"The Los Angeles Neighborhood Council Coalition strongly urges that the Board of Water and Power Commissioners and the City Council not consider or act upon the proposed water and power rate increases until the Ratepayers Advocate is established and has thoroughly reviewed and analyzed the proposed rate increases and presented such review and analysis to the Ratepayers and the public for their careful consideration.

LANCC cannot support any rate increases until the Ratepayers Advocate has reviewed and analyzed these rate increases and discussed the review and analysis with the Ratepayers and the public."

MOTION PASSED by a voice vote.

[The following report was made after Item #10.] Mr. Humphreville reported that the DWP requested rate increases of 22% and 26% over the next two years. 10. City Budget Issues (Jack Humphreville)

(GWNC policy prohibits candidates from speaking at meetings unless they are part of a forum to which all declared candidates have been invited.) Ms. Fuller announced that Ms. McFall has decided not to speak in August. The August speaker replacing Ms. McFall will be Doug Smith of the L.A. Times mapping project. The November 9th speaker will be Carolyn Ramsey of the Trust for Public Land. Mr. Gresham encouraged having the LAPD Wilshire Division Captain speak in addition to the Olympic Division Captain.

12. Other Committee/Project Reports

Metro Station Area Advisory Group (Fuller/Pickel/Smith)

Mr. Pickel reported that the Group had its last meeting. A “substantial” area north and south of Wilshire and west of La Brea will be taken by Metro for construction staging because “that’ll be one of the underground entry points for the drilling machine.” (There will also be construction staging at the property Metro owns at Wilshire and Crenshaw.) Mr. Pickel said there will be “active subway construction at the site for three to five years,” beginning in about three years. He described the construction area from Sycamore to Detroit. Ms. Fuller noted that the NW and SW corners of the Wilshire/La Brea intersection will also be developed after the subway construction, which means there will be major construction in the area for probably the next 10 years. This includes the BRE project which begins this fall. There was discussion of the allowed density for the NW and SW blocks if Metro does not request a zoning change. Mr. Pickel indicated that an EIR (Environmental Impact Report) is being finalized by the end of September. There was discussion regarding the need to inform the community about construction times and locations; Mr. Pickel, Mr. Gresham, Ms. Fuller and Mr. Smith volunteered to help.

13. Board Member Comments/New Business

There were no additional Board Member comments or new business.

14. Land Use Committee (LUC) (James Wolf)

Action Items:

A. Ogamdo Café CUP Application – 842 S. La Brea*

[This Agenda Item was addressed after Item #9.] Issue: After the GWNC and neighbors opposed an original application that included an upgrade to a full liquor license, extended hours, legalization of a previously unpermitted outdoor dining patio behind the restaurant and leased off-site parking in lieu of the required number of on-site spaces, the restaurant offered application revisions that retained the offsite parking request, but eliminated the liquor license upgrade and extended hours requests, and reduced the requested size of the patio. **LUC Recommended Action:** That the Greater Wilshire Neighborhood Council Board support the CUP application of the Ogamdo Café at 842 S. La Brea with the following conditions:

1. Open to the public during the hours of Sunday-Thursday 10:00 a.m. -10:00 p.m. and Friday and Saturday 10:00 a.m. – 11:00 p.m.
2. No outdoor use permitted at the rear of the lot between the structure and the rear property line except parking and use of the existing accessory structure as an office.
3. Selling of beer and wine only.
4. Provision of a five foot (5') landscape buffer measured from the rear property line incorporating at the property line a six (6) foot solid masonry wall on the commercial side.
5. Limit of 980 square feet of restaurant use at the second floor.
6. Limit of new area of kitchen at the ground floor to 420 square feet.
7. No cooking or serving of food or beverages outdoors at the rear of the site between the structure and the rear property line.
8. No music outdoors.
9. Provision of covenants for any offsite parking.
10. Removal of any use or area at rear of property between structure and rear property line with the exception of the existing accessory structure used as an office and any required landscaping and the rear year landscape buffer as noted above and full utilization of rear of site for parking, i.e. increase on-site parking at rear of lot to maximum number of spaces per City parking design requirements.
11. Amplified music shall be kept at a low volume such that any music playing shall not be audible beyond the premises. No amplified music, no public announce system, no special events and /or live entertainment shall be permitted on a patio area or in a parking lot. Special events and/or live entertainment shall be limited to only indoors and shall be expressly prohibited from occurring within any outdoor area. Any music, sound or noise emanating from within the subject premises shall not be audible beyond the subject site, and not cause any loud, unnecessary and unusual noise which disturbs the peace or quiet of the surrounding neighborhood or cause discomfort or annoyance to any reasonable person of normal sensitiveness residing in the area in violation of Section 116.01 of the Municipal Code. All exterior doors of the premises shall be kept closed at all times except for the normal passage of patrons or deliveries, or during emergency situations.. *(NOTE: The LUC recommendation vote was 6-2, with members Moser and Wolf voting in opposition.)*

At this Meeting Mr. Wolf described the project and read aloud the following: “On June 30 (two days after the LUC meeting), the Zoning Administrator issued a denial of all the CUP requests, citing the restaurant’s persistent and ongoing non-compliance with current CUP conditions dating back to 2006, a still-open lawsuit - regarding several Building and

Safety violations - that has been in process since 2004, and the opposition of neighbors and the GWNC. The Zoning Administrator's stated opinion was that the record of non-compliance did not bode well for future compliance and should not be rewarded with the granting of new privileges. An appeal period is currently open." Ms. Fuller added that the project owner's representative King Woods said that they are going to appeal.

MOTION (by Mr. Gresham, seconded by Mr. Humphreville...in lieu of the proposed motion above): That the Greater Wilshire support the Zoning Administrator's ruling in this case.

MOTION PASSED by a voice vote; Ms. Usher recused herself while Ms. Sowma voted as Ms. Usher's Alternate.

Alternate Board Member Joane Pickett had to leave at this time.

B. Possible new GWNC policy on liquor license applications

[This Agenda Item was addressed after Item #12.] Mr. Wolf explained that this and the following Item are informational only. Issue: The consensus of the Land Use Committee is that it would be helpful to draft a board policy for liquor license applicants, asking that certain materials (such as a radius map showing all other nearby liquor permits) always be provided in advance of GWNC discussions. The committee is looking for volunteers to help draft the policy and guidelines.

C. Update on City cell phone policies

Issue: In June, the GWNC voted to urge the City Council to agendize discussions of a city-wide wireless telecommunications policy, and to urge the City Attorney's office to conclude its study of the subject. Earlier that same day, the CA's office announced that its report has been concluded and the City Council did hold some initial discussions on the subject.

Potential Agenda Items for July 26 LUC Meeting (in addition to those above):

- 12-unit condominium project proposed for 4661 Wilshire/661 S. Rimpau
- Update on 910 S. Wilton conversion of apartment building to board & care facility
- Update on revisions to Eastern Presbyterian Church expansion plans (4270 W. 6th St.)
- Update on LA Tennis Club parking variance application
- Update on cell phone poles proposed for 1st/Wilton & 9th/Mansfield

Ms. Fuller indicated that the first four above items are confirmed.

15. Public Comments

Mr. Humphreville said that Assemblyman Feuer may be running for City Attorney.

16. Announcements and Adjournment

Ms. Fuller relayed that Jane Gilman reminds everyone that National Night Out will be August 2nd.

Next meeting: Wednesday, August 11, 2011, 7:00 p.m.

Mr. Smith declared and the Board agreed to **ADJOURN** the Meeting at 8:39 p.m.

Respectfully submitted,
David Levin
